

The School District of Lee County Health Services

All students entering 7th grade next school year are mandated by Florida State Statute to have a “TDAP” immunization. Please contact your physician or the Lee County Health Department to obtain the immunization if your child has not received it. A White Form #680 “Proof of Immunization” should be brought to the clinic before the end of this school year if possible. Your child must have the “Proof of Immunization” documented in the clinic by the first day of 7th grade to receive a class schedule and start school.

Thank you.

School Nurse
