## Principal's Message

**Hello parents and guardians,**

Welcome to the fourth quarter of our school year! These last nine weeks will be filled with testing, celebrations, performances, awards ceremonies, and finally the 8th grade celebration ceremony. Hang on for the ride!

From a classroom perspective, so many of our students have made great strides in their learning this year and it will soon pay off as they gear up for FAST and EOC's tests in May. If you wish to learn more about how we are meeting the needs of your students and of the school, I encourage you to join me at our next School Advisory Committee meeting on April 30th at 6:00p. We meet at Bonita Middle school, room 35. Likewise, we will have some opportunities for parents to be involved in our Parent Teacher Organization (PTO) next school year; we are always looking for members and will soon hold officer elections. I hope you will consider joining and taking a lead role in making sure our school continues on its successful path!

Finally, we are looking forward to celebrating the success of our 8th grade students who are being promoted to high school. April is 8th grader appreciation month and all of our staff will be recognizing and celebrating our AMAZING 8th grade students. More details are coming so please stay engaged with our website and the sponsor, Mrs. Garry ([rebeccalg@leeschools.net](mailto:rebeccalg@leeschools.net)). We are proud that several local businesses are stepping up to provide donations and food for our 8th grade celebration day. If you would like to contribute in some way (other than volunteering), please email Mrs. Garry.

I am always available by email or phone if you have any concerns or questions.

**Yours in partnership,**

Before your child can begin the 7th grade he/she must have documentation of having received the following immunizations: Tdap booster (Tetanus, Diphtheria, pertussis) after the age of 10.

We encourage all parents to have their child seen by a private physician or health care provider in the community prior to the busy summer season to receive the required immunizations. Private physicians and clinics charge according to their established fees. Vaccines required for children are available free of charge from all Lee Health Department facilities. Remember you must bring your child's immunization records with you to help determine what immunizations are required and to provide the information necessary to fill out the Florida Certificate of Immunization Form DH-680.
